

Singleton Pattern

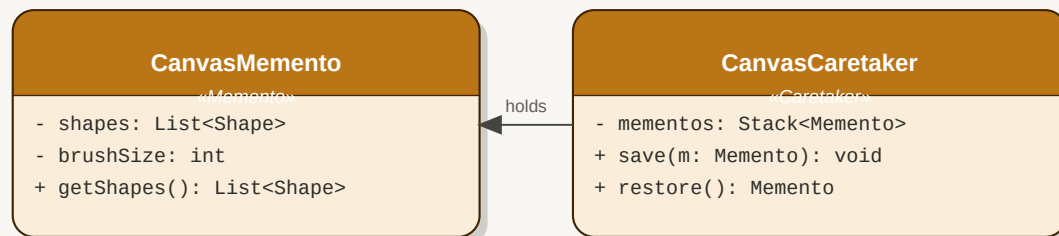

Observer Pattern

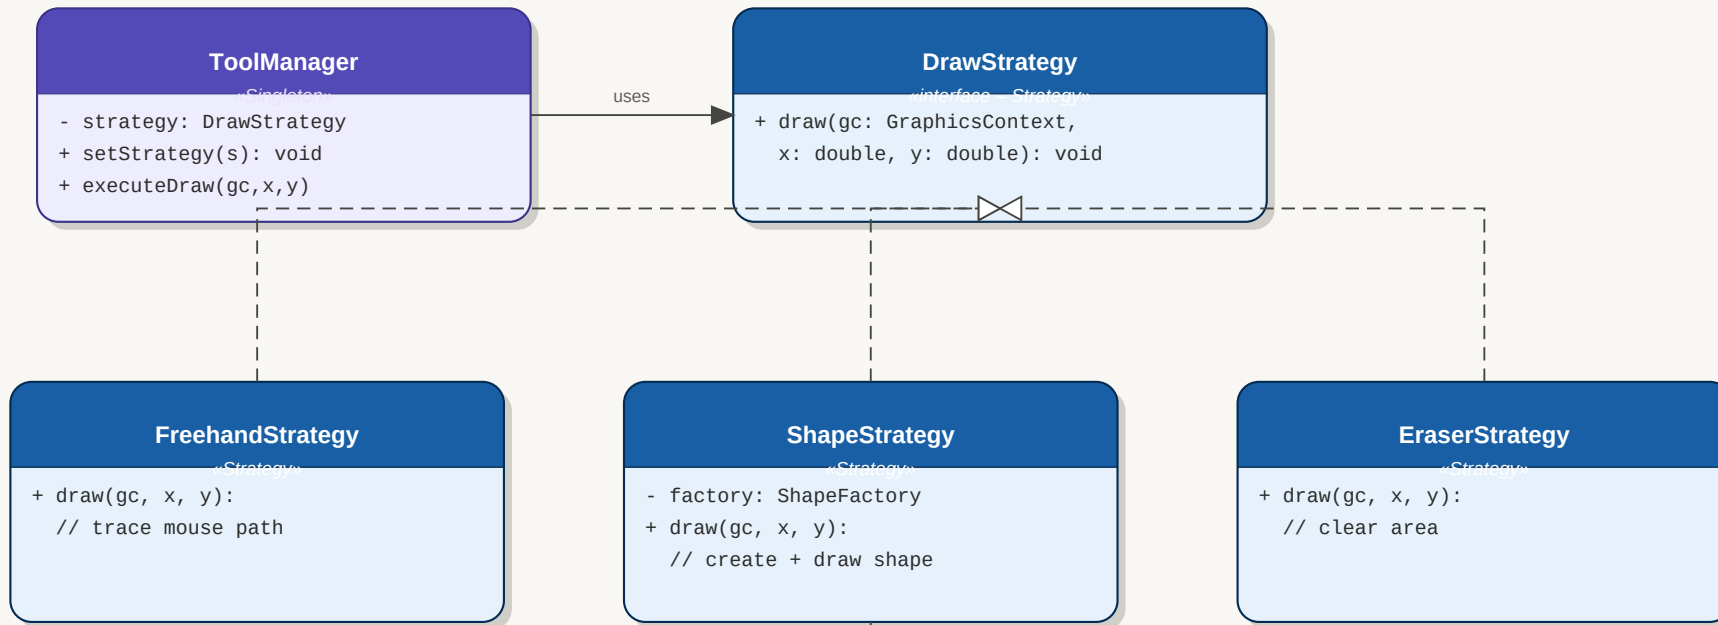

Command Pattern

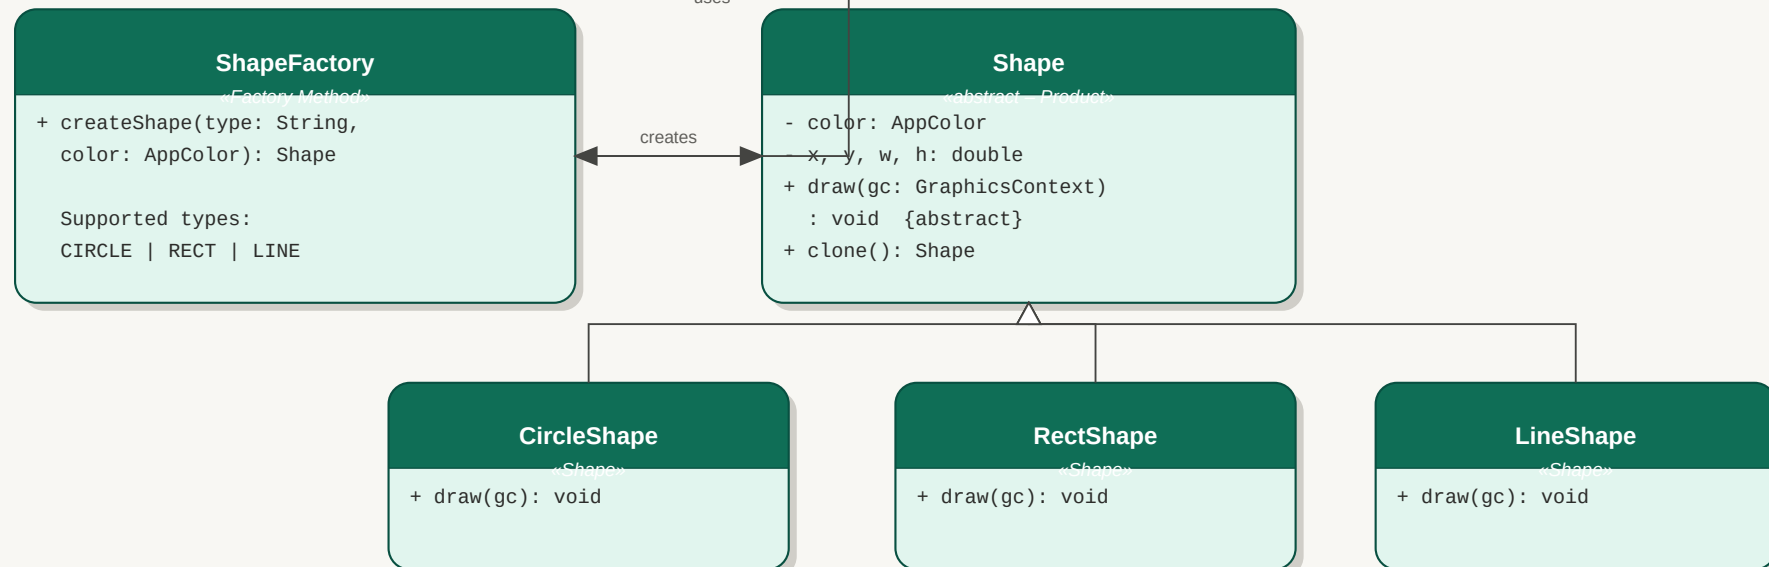

Memento Pattern

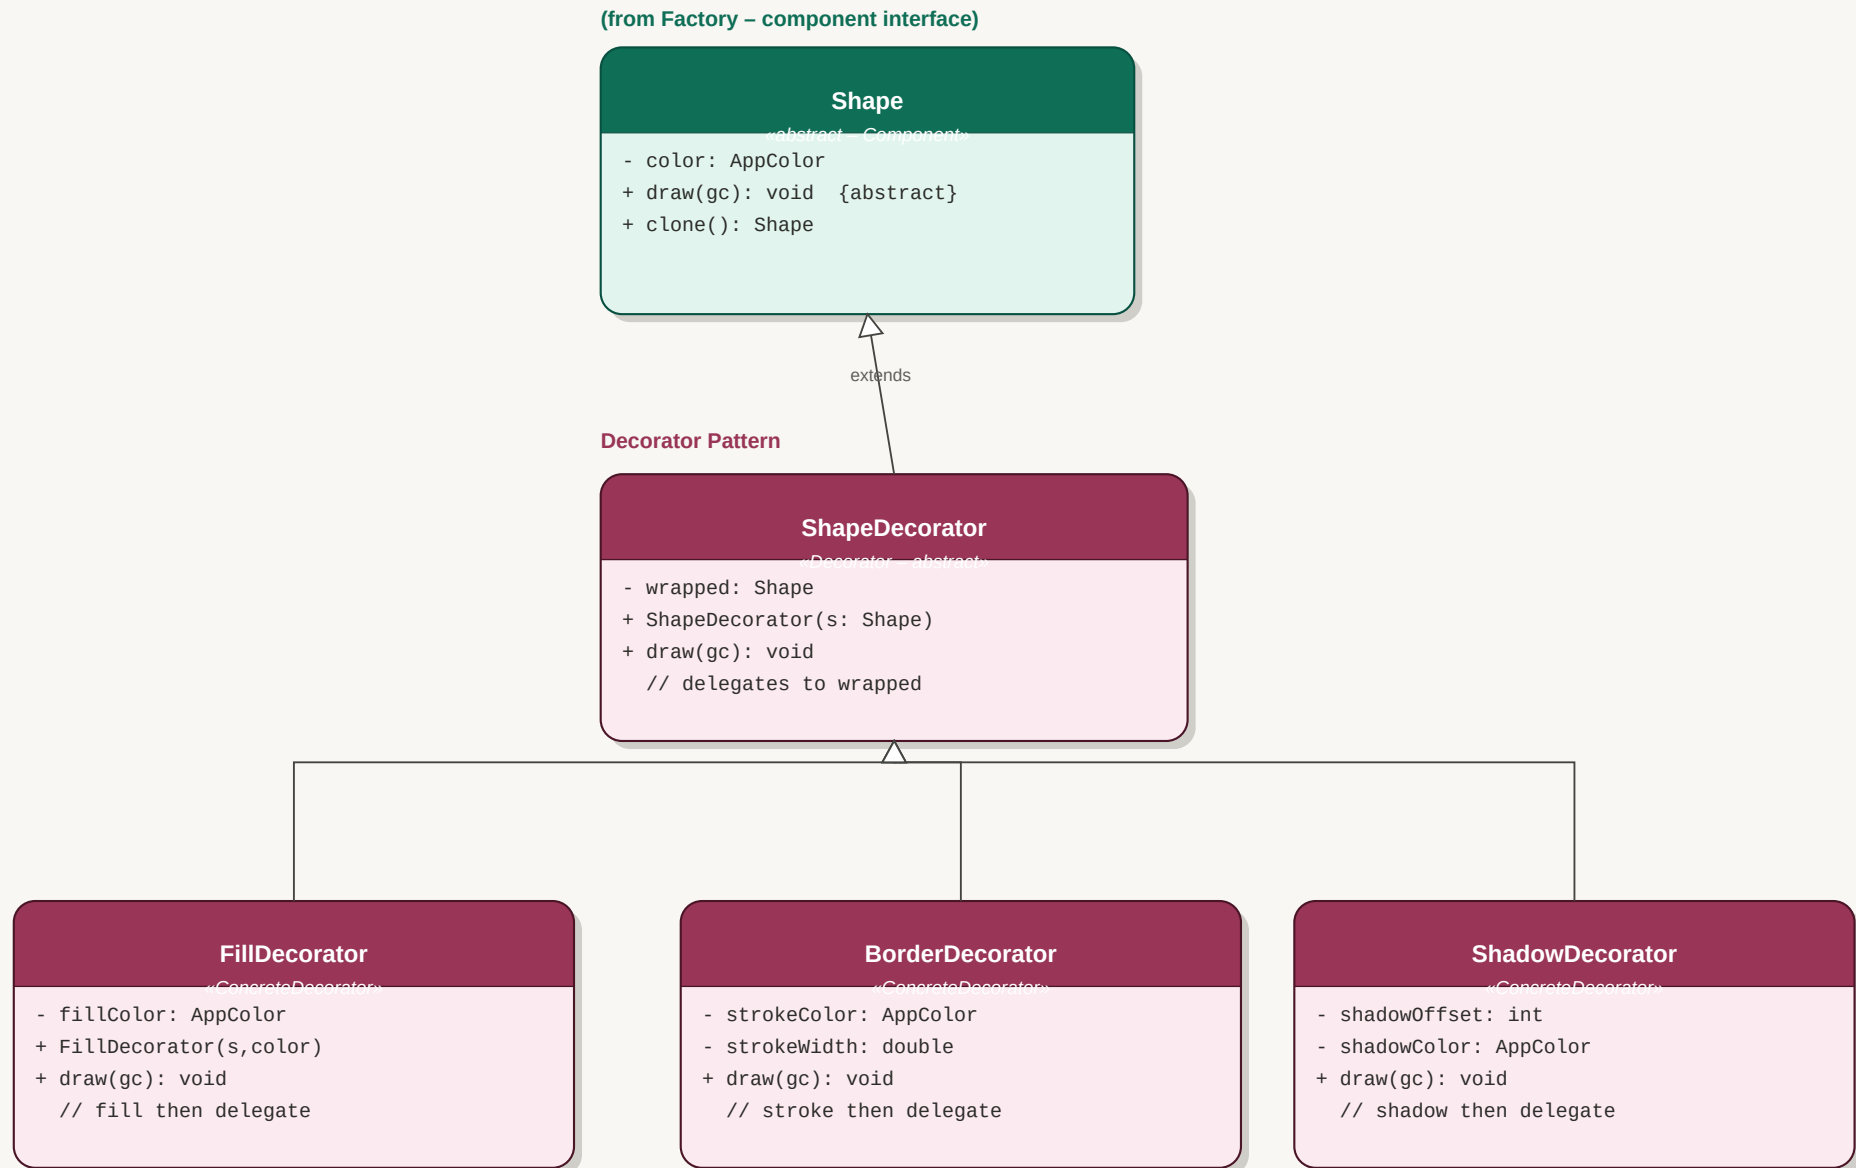

Strategy Pattern

Factory Method Pattern

**Usage example (how to stack decorators):**

```
Shape s = factory.createShape("CIRCLE", color);
s = new FillDecorator(s, AppColor.RED);
s = new BorderDecorator(s, AppColor.BLACK, 2.0);
s = new ShadowDecorator(s, AppColor.GRAY, 3);
s.draw(gc); // shadow → border → fill → circle
```
